

Focus on expanding a richly networked ecosystem

Digital technologies and massive connectivity are creating rich networks of connection, collaboration, and interdependence

Rich networked ecosystems could create new value, provide a competitive advantage, and accelerate learning

The need for companies to translate learning into innovation has never been greater

Managing third-party risk

- Adapting to an increasingly complex environment
- Broader-based and extended enterprise risk
- Lack the necessary visibility and monitoring of third-party activities and platforms
- Life sciences companies are ultimately responsible
- Manage 'cyber everywhere'

Keep patients at the core!
